CUSTOM SCORE BOARD UPGRADE

ManageYourLeague.com is now making available to all of our leagues this exclusive upgrade.

The Score Board module displays the Level, Team Names and the Scores of the most recent games.

The Standings module shows the current standings for each Level as that Levels games are being displayed on the Score Board.

The information displayed on the Score Board and Standings module, is generated automatically from your league information.

The Message module allows you to add your own messages, information, instructions, etc.

Both the Standings and Message modules will expand to hold content as needed.

The Score Board is customizable by both Sport and Color. We currently have 7 sport specific boards and the Old Time one you see here.

The colors will be matched to your league or any 2 colors you chose.

Want to add your own customizations?
We will work with you to get the look you want.

This new feature is exclusive to Manage Your League and can be part of your Leagues site for only \$750.00 (customizations beyond sport and color are extra)
